Compass Computing Continues Partnership with City of Portland

PORTLAND, OR - September 16, 2008 - Compass Computing Group, Inc, a local software consulting firm that provides information technology staffing support and specialized project services, has again been selected as an approved vendor for the City of Portland's Bureau of Information Technology (B.I.T.). Compass Computing Group won by providing the best combination of technical staff, value, and understanding of the City of Portland B.I.T.'s requirements.

Compass Computing Group was selected as an approved vendor in two areas in Information Technology: General Application Development and Legacy System Support.

"We are very excited to continue our partnership with the City of Portland's Bureau of Information Technology." said Frank Bubenik, co-owner of Compass Computing Group, "We have worked closely with them on numerous projects, including the Multnomah County Income Tax system and the Revenue Bureau's File on Line. All of our joint efforts were successfully completed and we look forward to working on future projects."
